PROJECT

Q: SOCIAL MEDIA APPLICATION

FLUTTER • FIREBASE • CLOUD FIRESTORE • GIT

Q is a dynamic social media platform that offers seamless real-time interactions, multimedia sharing, instant messaging and personalized feeds. Its user-friendly interface and scalable back-end ensure robust security, efficient data management, and a reliable user experience.

CHATON: PERSONAL MESSAGING APP

FLUTTER • FIREBASE • CLOUD FIRESTORE • GIT • STATE MANAGEMENT

ChatON, a personal messaging app developed using Flutter, leverages the power of this versatile open-source UI framework to deliver a seamless and dynamic user experience. Flutter's cross-platform compatibility allows ChatON to run smoothly on both iOS and Android devices.

GROOVEX: MUSIC PLAYER APP

FLUTTER • FIREBASE • GIT • GETX • FIREBASE AUTHENTICATION

GrooveX is a dynamic and feature-rich Flutter Music Player app that showcases my proficiency in developing mobile applications. This app is designed to offer users a seamless and enjoyable music playback experience with a modern and intuitive interface.
